- ✓ Balanced pH, safe for all crops
- ✓ 100% organic & biodegradable
- ✓ Suitable for hydroponics, floriculture, nurseries, landscaping

Grow Bags

- High-quality blend of cocopeat & chips.
- Suitable for tomatoes, cucumbers, strawberries, roses & more.
- Available in multiple sizes with or without pre-cut holes.

OUR PRODUCT RANGE – CAMELS & CATTLE

At Omniglobe Ventures, we provide premium-quality feed for camels and cattle to ensure healthy growth, better productivity, and overall wellbeing. Our products are carefully sourced and formulated to meet the nutritional needs of livestock in all conditions. With a focus on quality, sustainability, and animal health, we offer a range of feed options that support digestion, enhance immunity, and improve milk and meat yield. Whether you are a small-scale farmer or managing large herds, our feeds are designed to provide balanced nutrition, boost vitality, and maintain the overall health of your camels and cattle throughout the year.

1. Alfalfa Hay

Alfalfa Hay is a rich source of protein and fiber, essential for maintaining digestive health and overall strength of camels and cattle. Sourced from regions like Sudan, USA, and Spain, it guarantees high-quality nutrition for your livestock.

- High protein, rich in fiber
- Sourced from Sudan, USA, Spain
- Promotes healthy growth and digestion

2. Rhodes Grass Hay

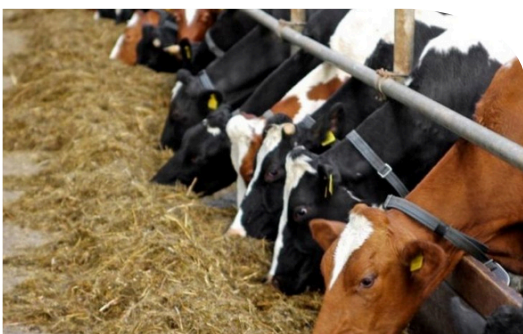

Rhodes Grass Hay is ideal for camels, goats, and cattle, providing essential roughage and nutrients required for daily feeding. Its high digestibility makes it a preferred choice among livestock farmers.

- Ideal for camels, goats, and cattle
- Nutritious roughage for daily feeding

3. Wheat Straw & Barley Straw

Wheat and Barley Straw offer an affordable yet effective feed option for livestock. They are perfect for supplementing daily feeding routines and keeping your animals healthy and satisfied.

- Affordable roughage option
- Suitable for daily feeding of livestock

OUR PRODUCT RANGE – POULTRY & GOATS

Omniglobe Ventures offers a wide range of feed for poultry and goats, carefully formulated to boost growth, productivity, and overall health. Our specialized feed mixes provide balanced nutrition, supporting strong immunity, optimal weight gain, and improved egg and meat production. Designed to meet the needs of different farm conditions and livestock requirements, our products ensure that your poultry and goats receive high-quality, digestible, and energy-rich feed every day. Whether for small backyard farms or large commercial operations, our feed solutions help farmers achieve maximum performance, better yield, and healthier livestock throughout the year.

1. Soybean Meal

Soybean Meal is a high-protein feed that supports the healthy growth of poultry and goats. Rich in essential nutrients, it helps in improving immunity and overall performance.

- High-protein feed for healthy growth
- Supports immunity and productivity

2. Corn (Maize)

Corn or Maize is an energy-rich feed that enhances egg production and meat quality. It is an essential part of the diet for poultry and goats looking for higher productivity.

- Energy-rich feed to boost productivity
- Enhances egg and meat production

3. Sorghum & Barley Grain

Sorghum and Barley Grains provide a balanced mix of energy and protein. Easily digestible, they are perfect for daily feeding of goats and poultry.

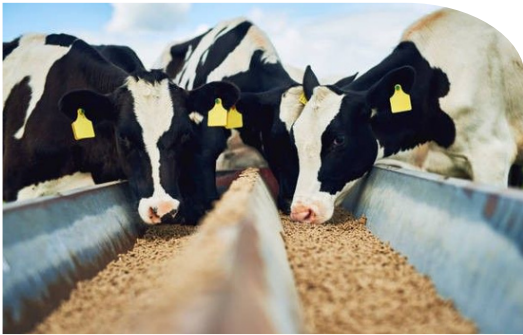

- Balanced feed ingredients for goats and poultry
- Easy-to-digest energy source

SPECIALIZED NEEDS (HIGHLIGHT BOX)

1. Camel Feed Mix

Camel Feed Mix is specially formulated to meet the nutritional needs of desert livestock. It improves endurance, milk yield, and overall health.

- Desert livestock blend to meet nutritional needs
- Improves endurance and milk yield

2. Concentrates & Pellets

Concentrates and Pellets offer a balanced protein-energy ration suitable for high-performance livestock. They ensure optimal growth and productivity.

- Balanced protein-energy rations
- Ideal for high-performance livestock
